

EVERY CUP EQUALLY **TASTY**

History of Tweak

Teamed up with freshly brewed insights on customer needs, state-of-the-art technology & strong business ethics, we are relatively new but an effectively mature Mumbai based company successfully catering to the domestic & overseas market with our innovative and high quality Tea & Coffee products. Today 'TWEAK' is much more than just a household name. We continuously strive to evolve our brand value by uniting quality and innovation.

Each of our product passes through stringent quality verification and certification. Every particle of our tea promises rich aroma and unmatched taste.

Our manufacturing units at Bhiwandi & Thane strictly maintains all the global standard of excellence in operation with focus on client satisfaction and Quality. We are an ISO 9001:2008 certified company.

We at TWEAK realize the potential of tea, not as a commodity but as a relation bonding agent.

In its simplicity, tea & coffee rejuvenates your senses. And that is exactly what TWEAK Tea & Coffee premixes do, instantly. Quick yet flavourful blend of tea & coffee premixes to savour in just three steps, add hot water, stir and enjoy.
